The new collection

METHVEN

TRANSFORMING THE EVERYDAY

At Methven we create amazing water experiences that don't cost the earth. We think differently and challenge convention to create thoughtful, elegant products that enable a better, richer life.

T Ū R O A

Introducing the new
Tūroa collection

**TŪROA MEANS 'ENDURING
OR LONG-LASTING'**

Tūroa, Methven's latest collection, includes showers, tapware and matching accessories to complete any bathroom. Tūroa's minimalist aesthetic is crafted from high-grade stainless steel which is both stylish and durable.

Methven selected long-lasting stainless steel because it can be re-purposed, allowing for future reuse and reconditioning. Another considered step towards sustainability and our pursuit for a circular economy.

DESIGNED WITH YOU IN MIND

At Methven, our New Zealand based design team uses a human-centred design approach. Our products are intuitive, precisely balanced and designed to be simple to use. We raise the standard with everything we create. Our leading technology and rigorous testing is driven by our relentless pursuit of excellence.

VJet™

My Shower My Way

Your shower is one of the only places in the home where you have some time to yourself. You may choose to use this time to think, escape, soothe, recover, prepare, or unwind. Whatever you seek, Methven's new VJet™ shower technology will evolve with you.

VJET™ SHOWER DESIGN AND TECHNOLOGY

Inspired by familiar forms and materials, Tūroa's VJet™ shower features a modern minimalist aesthetic where technology and visual form complement one another.

Tūroa's cleverly hidden channels create spirals of water that flow through the nozzles across the entire shower head. Its smooth handset slider allows you to activate a seamless spray transition – personalised by you – from a firm, invigorating shower spray, to a gentle, enveloping warmth and everything in between. Whether you're in need of revitalisation, relaxation or simply getting clean, VJet™ is the first shower uniquely tailored by you.

Crafted from high-grade stainless steel, which is both stylish and durable, the Tūroa showers are designed to last and are supported by Methven's industry-leading lifetime warranty.

All of these qualities combined, add up to a champion; and as such, this shower is the winner of both the Australian Good Design Best in Class and The Red Dot Product Design Award 2018 - reaffirming Methven's global leadership in shower design and technology.

METHVEN CREATED
AN EXPERIENCE
THAT PUTS YOU
IN CONTROL

ICONS MENU

To help you to identify important product features, we have placed icons beside each product. Refer to this key to find out the meaning of each icon.

ALL PRESSURE DESIGN

Suitable for all water pressure installations (mains, unequal and equal low) above 35kPa.

NEW PRODUCT

MAINS PRESSURE DESIGN

Suitable for mains water pressure installations above 150kPa.

EASY DIY INSTALLATION

Replace or install on your own = no need for a plumber.

FLEXIBLE RAIL INSTALLATION

Adjustable mounting brackets for easy retrofit to existing installation holes.

CONTROL WATER DIRECTION

The directional aerator includes a built-in swivel that enables you to manually adjust the direction of your water and minimise splashback. (Perfect for taps that sit directly over the sinkhole).

VARIABLE SPRAY

Variable spray at your control. From a firm invigorating spray to relaxing and everything in between.

THE METHVEN GUARANTEE

The warranty statement shall apply to all Tūroa showers, tapware and accessories supplied by Methven. For complete warranty terms and conditions visit methven.com

We reserve the right to make alterations in engineering, dimensions, design and product lines without prior notice.

DESIGNED AND ENGINEERED IN NEW ZEALAND

Representing over 130 years of lifestyle-enhancing innovation in the bathroom space and recognised by FernMark.

The FernMark, as a trademark officially recognised and endorsed by the New Zealand Government, is a mark of trust that communicates a product's country of origin and connection to New Zealand.
